Dear parents,

*Education is one of the most powerful things in life. It allows us to find the meaning behind everything and helps improve lives in a massive way. Education gives us an understanding of the world around us and offers us an opportunity to use that knowledge wisely.*

At the outset I would like to express my gratitude to all the parents for the support and patience shown in this academic session. This year was very different from other years when we had students coming to school. The pandemic made our life so different and changed our outlook towards life in a very drastic way. Educational institutions were affected beyond belief and could not function the way it used to be. All of us became innovators and tried to bring newness and uniqueness in teaching. Technology became part and parcel of our life style. SMC faced challenges, criticisms, disapproval, print and social media propaganda, yet despite all, we continued the work that has to be done , to ensure the safety and educational needs of our students entrusted to our care.

Thank you dear parents for being there for your children and for the encouragement and morale-boosting you have rendered over these months. Without your support, SMC would not have reached out to the students. Though we tried our best yet we have failed in many ways. I acknowledge these shortcomings and we will surely improve.

I would like to thank our hard working and caring faculty and staff who have made a huge difference to our students. Along with you dear parents and students, the staff also learned to handle the technology, they learned to talk to screen and they believed and trusted, even when they knew you are not serious in attending the class and be ready for exam.

Regarding the pre-board exam it's my ardent desire that students come to school and write the exam , for which you have received the time table. Choosing the stream in Class XI will definitely depend on the sole performance of the student in the pre-board exam. Below you will find the percentage needed for each stream. **Percentage is not the aggregate of marks but the marks obtained in each subject.**

PCM (75) + Hindi (65)	PCB (75) + Hindi (65)	PCM (75)+ LS
PCM (75) + Compt (70)	PCB(75)+ Compt (70)	PCB (75)+ LS
PCM (75) +Art / P.E(75)	PCB(75)+ Art/P.E (75)

Comm (75)+ Maths (75)	Comm(75)+ Compt (70)	Comm (75)+ Hindi (65)
Comm(75)+ LS	Comm (75) + Art (75)	Comm(75)+ Phy.Edu (75)

<ol style="list-style-type: none"><li>1. English, Hindi, Eco, Psychology, History</li><li>2. English, Hindi, Eco, Psychology.</li><li>3. English, Hindi, Eco, Psychology, Physical. Edu. .</li><li>4. English, Hindi, Eco, Psychology, Legal Studies, Art.</li></ol>	70% aggregate for all these subjects.
--	---------------------------------------

### Kindly note:

- Art and Physical Edu. will be given only to those students who already have the same subjects in Class X.
- Those who wish to opt for Commerce and did not have commercial application in X, must have 75% marks in Maths to apply for Commerce in Class XI.

Those who have not cleared the dues till December will not be allowed to sit for examination .It's my humble request to all those parents who have not paid the fees, to pay before the pre-board examination. I hope you will treat this matter as an important one.

Finally my dear parents and students getting science stream is not the beginning of life and not getting is not the end of life. What matters is your calibre and your interest in your future career. If you have interest to study, you will achieve what you want irrespective of your limitations.

“To accomplish great things, we must not only act, but also dream; not only plan, but also believe.”

Dear Students, do work hard to achieve your goal.

*"Our finest moments are most likely to occur when we are feeling deeply uncomfortable, unhappy, or unfulfilled. For it is only in such moments, propelled by our discomfort, that we are likely to step out of our ruts and start searching for different ways or truer answers.".*

**M. Scott Peck**
